

IESE Cities in Motion Index 2020

This index measures key global cities' **sustainability and a quality of life for inhabitants.**

174
cities

80
countries

79
capitals

TOP 50 CITIES THAT HAVE ADVANCED THE MOST SINCE 2017

	Places gained	Principal strength
1 Vancouver	+18	
2 Hong Kong	+17	
3 Lyon	+12	

Europe, with 14 cities ranking among the top 25 in the world, continues to be the best-positioned geographical area

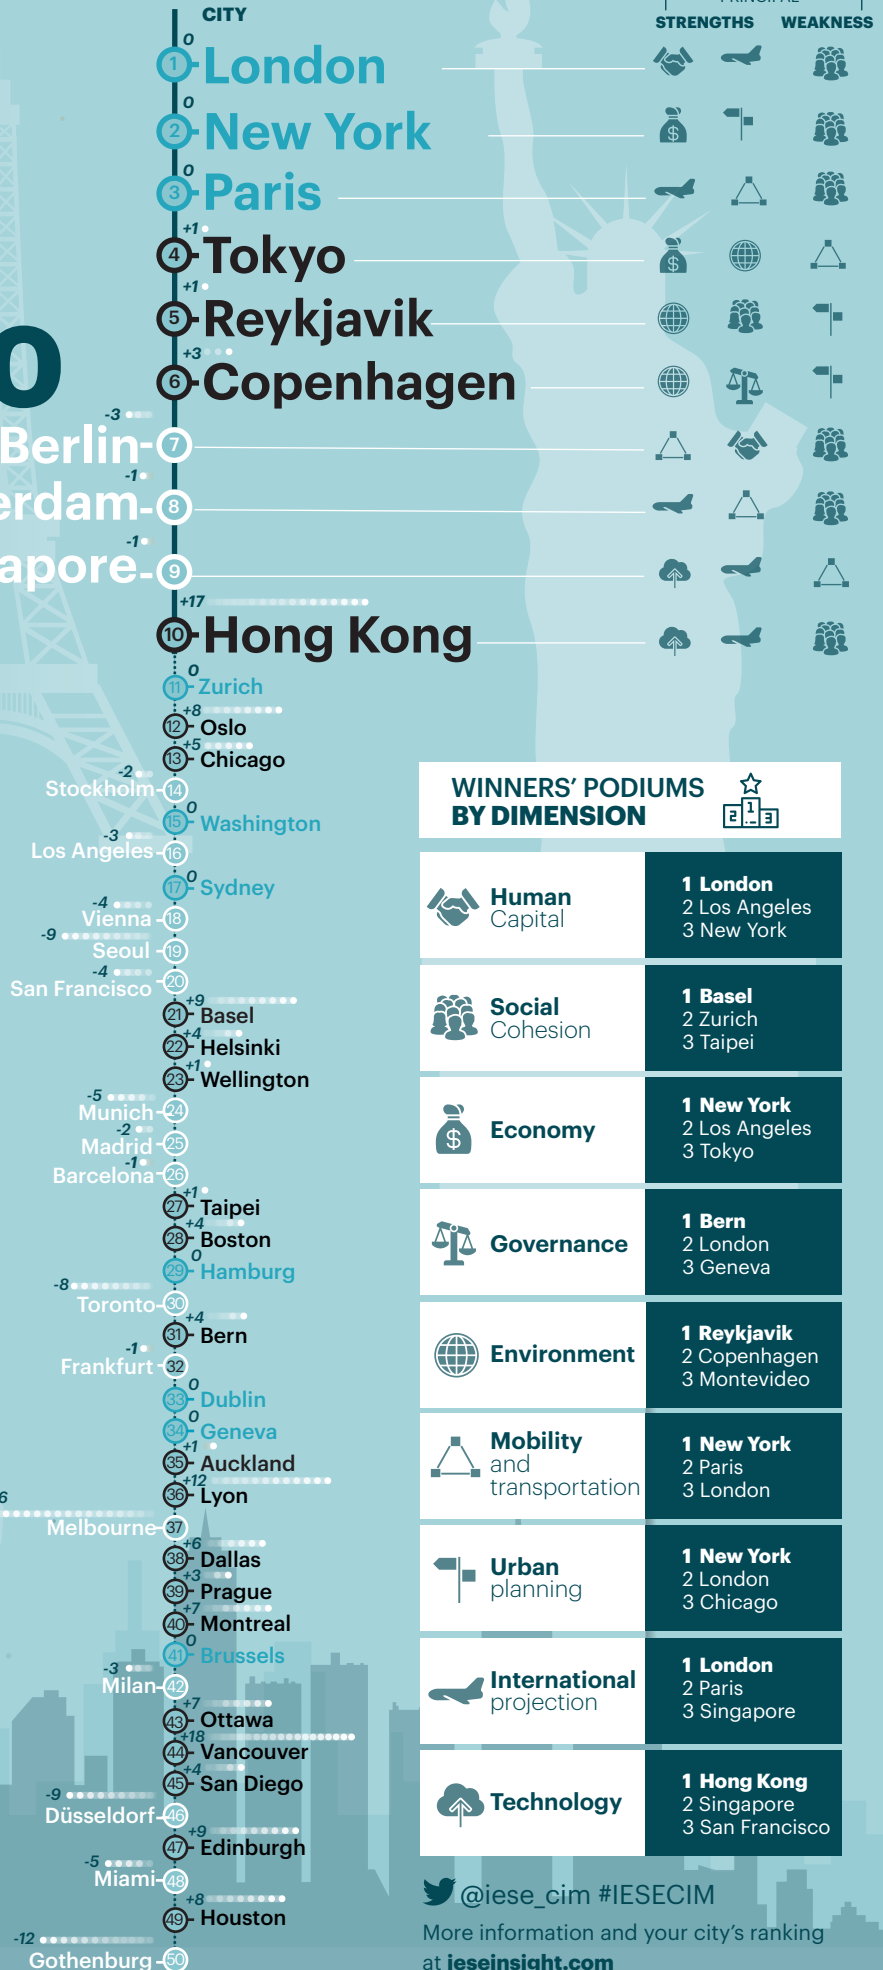

The COVID-19 pandemic represents an opportunity to rethink many cities' strategies and increase their resilience.

This edition includes an online calculator to determine the theoretical ranking of any city based on its data.

Top 50 Ranking

- Cities that have advanced since 2017
- Cities that have stayed in the same place
- Cities that have fallen back
- +3 Places gained
- 3 Places lost

Berlin
Amsterdam
Singapore
